

CENTRAL REGION - LOCAL CHURCH INTERN PARTNERSHIP

OVERVIEW

Description: The intern partnership is an initiative to offer desirable internship opportunities in local Central Region Open Bible churches to current or recently graduated Bible college students. This will be accomplished through Central Region and local church leadership working together to provide resources and a quality internship experience. **Application must be received by March 31, 2020.**

Goal: The goal of the intern partnership is to give current and recently graduate Bible college students quality ministry training and practical hands-on experience and to recruit potential pastors and ministry leaders for Central Region Open Bible churches.

Guiding Principles:

1. Only healthy and growing churches and pastors in Central Region will be considered for participation in the intern partnership.
2. Students at Harvest Bible College, INSTE Global Bible College, New Hope Christian College, & North Central University will be given priority in the internship selection process. Other Bible colleges and qualifying programs will be given secondary priority. Students from Central Region churches will be given priority in the internship selection process. Students from other regions will be given secondary priority. Students must have completed at least one year of college.
3. Central Region will provide financial assistance to local churches, allowing them to attract quality interns. Central Region will also help to recruit and facilitate relationships between churches and interns. Local churches will provide financial compensation to the intern, room and board, and the internship experience.
4. Participating local churches will submit an internship proposal to Central Region for approval. This proposal must demonstrate specific ministry experiences, leadership roles, and training that the intern will receive. A church will not be approved for an intern partnership without an approved proposal.
5. Interns must complete an internship application for the intern partnership. Interns will not be considered for the partnership or assigned to a church without a completed application.
6. Financial remuneration for interns will be in two parts: tuition scholarship and expense stipend. The tuition scholarship will be paid directly to their school, half each semester. In the case of a student who has already graduated, funds would be directed toward student loans, if applicable.
7. Central Region will make final decisions on intern placements.

Financial Projections:

- Travel compensation to get intern to/from church: up to \$200 (depending on location)
- Living Expenses: \$400-500 (\$50 per week @ 8-10 weeks)
- Tuition Scholarship: \$2,000 (half each semester paid by the Region directly to school)
- Total: \$2,600-2,700 (Shared 50/50 between church and Central Region)

NOTE: The church will pay Central Region rather than the school and also provide room and board for the intern, most likely through a host home.
