

Open Bible Churches Pastor Review Guide Form P-5

The following assessment is designed to be self-administered by the senior pastor, independently completed as a group by the governing board, and jointly discussed by pastor and board. The purpose of a biennial, senior pastor review is to identify and affirm the senior pastor's leadership effectiveness, identify areas for growth, and collaborate on a plan for continued pastor leadership development.

The Board's Responsibility

Effective use of this pastor review guide is founded upon a premise that the senior pastor and members of the governing board are committed and accountable to the priority of servant leadership and have yielded personal agendas for the greater cause of Jesus Christ. A pastor review assumes members of the governing board are motivated by love to affirm their senior pastor's strengths, respectfully offer honest assessment of leadership concerns, and support their pastor by helping to identify opportunities and avenues for growth. Prayerfully submit this review to the Lord, determining that He will be glorified in every way through what is said and how. Variations that this review may reveal between senior pastor and governing board provide an opportunity to glorify the Lord by helping one another in a scriptural manner: "As iron sharpens iron, a friend sharpens a friend" Proverbs 27:17 (NLT). In like manner, members of the governing board must be introspectively open to review by and discussion of their leadership effectiveness with the senior pastor.

What to do with the Results

The biennial pastor review shall be conducted confidentially between the senior pastor and governing board. Although church members shall be invited to offer written input to the general board regarding the senior pastor review, the evaluations and discussion specifics between the senior pastor and governing board shall not be divulged to members. At the conclusion of this process, the governing board shall submit a statement to the regional executive director verifying the review has been completed and the senior pastor's call to serve has been reaffirmed. The governing board shall also reaffirm their support for the senior pastor to the membership. Should this review reveal major conflict or irresolvable differences in evaluations and interpretations between the senior pastor and governing board, the governing board and/or the senior pastor shall consult with the regional executive director to request assistance. For churches where the pastor's appointment was initially ratified by the regional board of directors or an approved, apostolic council, copies of the review forms shall be submitted to the regional executive director.
