

## **Position: Family Pastor I Fort DSM Open Bible Church**

*We are looking to fill a new and unique ministry position at our church. With our kids and family numbers continuing to grow, we are seeking a Family Pastor who would oversee Kids' Ministry and the kids' team, as well as develop a ministry to further impact the families in our church and community. Along with serving as the Family Pastor, we are hoping this individual will also serve as part of our leadership team. The desire is this person would be a licensed pastor with Open Bible Churches, or be at least willing to work towards licensure. This would be a salaried position that would require office hours at the church which are flexible and can be discussed further at the time of the interview.*

Ultimately, our heart is to find the right person or possibly even a couple for this role. Please let us know if you're interested! We'd love to spend some time with you hearing your heart and desire to serve kids and families for the Lord.
